# Army Specific Rules

## Ancient Grudge

Dwarven Holds armies have a number of Grudges which confer a bonus when attacking specific enemies. The total number of Grudges held by a Dwarven Holds army is calculated in the following manner:

- **One Grudge** for a General with Ancestral Memory on the Army List
- **One Grudge** for each King on the Army List
- **Two Grudges** for each War Throne on the Army List

Right before the battle (during step 7 of the Deployment Phase Sequence), you **must** choose a single unit from the opponent's Army List for each Grudge in your army (this may also be a Character). The models of this unit are considered "marked". All models in the Dwarven Holds army gain **Hatred** against marked models, and against models joined to units with more than half of their models marked.

## Hewn out of Mountains

The Casting Values of all spells cast by enemy models are increased by 1 as long as at least one friendly model from a Dwarven Holds army is on the Battlefield.

# Army Model Rules

## Universal Rules

### Ancestral Memory

A General with Ancestral Memory affects the number of Grudges held by a Dwarven Holds army (see Ancient Grudge above).

### Holdstone

One use only. May be activated at the start of any Round of Combat. Apply the following effects:

- Enemy units cannot claim Combat Score bonuses for fighting the Flank or the Rear of the unit.
- The unit cannot be Disrupted.
- Parry, Shield Wall, and Wall of Iron can be used in any Facing.
- For the purpose of Supporting Attacks, all Facings are considered to be the Front Facing (i.e. a model can perform Supporting Attacks also to the Flanks and Rear).
- The unit cannot Pursue (nor Overrun).

The effects last until the unit is no longer Engaged in Combat.

### Rune of Resonance

Bound Spell with Power Level (5/8). Range 18", Type Augment, Duration Permanent.

Characters that leave a Combined Unit are no longer affected by the Rune of Resonance. Once per Magic Phase, a single unit with at least one model affected by the Rune of Resonance may be chosen as an additional target of a Battle Rune that a friendly model is casting anywhere on the Battlefield on another unit (during step 1 of the Casting Attempt). All instances of the Rune of Resonance on a unit immediately end when a Battle Rune is successfully cast on the unit (regardless of whether as additional target from Rune of Resonance or as regular target of a Battle Rune).

## The bigger they are...

The model gains Devastating Charge (Swiftstride) for Charges against units that contain at least one Large or Gigantic model.

## Personal Protections

### Shield Wall

While using a Shield, the model gains **Aegis (6+, against Close Combat Attacks)**. This is improved to **Aegis (5+, against Close Combat Attacks)** if the attacker is Charging. This Special Save can only be used against attacks from enemies Engaged in the model's unit's Front Facing.

## Attack Attributes

### Sturdy – Close Combat

The model part gains **Devastating Charge (+1 Str, +1 AP)** and does not suffer the -1 to-hit modifier for Stand and Shoot Charge Reactions.

### Yer comin' with me! – Close Combat

In order to use this Attack Attribute, the unit **must** be at least as wide as it is deep at the start of the Round of Combat. Close Combat Attacks made by models with this Attack Attribute can **never** wound on worse than 4+. In addition, when a model with this Attack Attribute is removed as a casualty during the Melee Phase due to an enemy Melee Attack, it **must** immediately, before removal, perform a single Close Combat Attack with the following rules and restrictions:

- The attack is **always** resolved with Strength 5 and Armour Penetration 2.
- The owner **must** choose one of the following options:
  1. The attack is allocated towards the model that caused the casualty.
  2. The attack is allocated towards a R&F model in that model's unit. The hit is distributed onto the unit.

In either case, the model with Yer comin' with me! is considered in base contact with the attacked model, and the models count as Engaged in the same Facings as their units.

- This Attack Attribute cannot be used for casualties caused by Impact Hits.

## Armoury

### Forge Repeater – Shooting Weapon

Range 18", Shots 4, Str 5, AP 2, **Flaming Attacks, Quick to Fire.**

### Guild-Crafted Handgun – Shooting Weapon

Range 24", Shots 1, Str 4, AP 2, **Accurate, Unwieldy.**

# Runic Special Items

Dwarven Holds armies cannot pick from the list of Common Special Items except Common Banner Enchantments. Instead, they have their own version of Special Items called Runic Special Items in the form of Runic Enchantments and Artefacts, which follow the rules for Special Items with the exception that they are not One of a Kind, unless specifically stated otherwise.

## Runic Weapon Enchantments

Runic Weapon Enchantments follow the rules for Weapon Enchantments with the following differences:

- All Runic Weapon Enchantments are enchantments for Hand Weapons and Paired Weapons.
- Up to 3 Runic Weapon Enchantments can be applied to a single weapon.
- Each combination of Runic Weapon Enchantments is One of a Kind.
- Attacks made with a weapon engraved with one or more Runic Weapon Enchantments become **Magical Attacks**.

**Rune of Destruction** 80 pts  
0–1 per Army.  
Attacks made with a weapon engraved with this Rune gain **Multiple Wounds (D3)**.

**Rune of Smashing** 55 pts  
0–1 per Army. Models on foot only.  
Attacks made with a weapon engraved with this Rune that are allocated towards a model with Resilience 5 or more have their Strength **set** to 10 and their Armour Penetration **set** to 10.

**Rune of Might** 40 pts  
For each Rune of Might engraved on a weapon, attacks made with it gain +1 Strength and +1 Armour Penetration.

**Rune of Penetration** 40 pts  
Attacks made with a weapon engraved with one or more Runes of Penetration gain +3 Armour Penetration.

**Rune of Precision** 40 pts  
The wielder of a weapon engraved with this Rune gains **Lightning Reflexes**.

**Rune of Quickening** 40 pts  
For each Rune of Quickening engraved on a weapon, the wielder gains +3 Agility while using it.

**Rune of Craftsmanship** 30 pts  
0–3 per Army.  
A weapon engraved with this Rune follows the rules

for Great Weapons instead of the original weapon's rules (this does not prevent the weapon from being engraved with additional Runes).

**Rune of Fury** 30 pts  
For each Rune of Fury engraved on a weapon, the wielder gains +1 Attack Value while using it.

**Rune of Lightning** 20 pts  
0–2 per Army.  
If the wielder scores at least one successful hit with a weapon engraved with one or more Runes of Lightning (consider each set of simultaneous attacks separately), each enemy unit that was hit suffers an additional D3 hits for each instance of this Rune. The hits are considered Special Attacks and are resolved with Strength 4, Armour Penetration 1, and **Magical Attacks**.

**Rune of Fire** 15 pts  
May be activated at the start of any phase or Round of Combat. If so, attacks made with a weapon engraved with this Rune become **Flaming Attacks** until the end of the phase.

**Rune of Returning** 10 pts  
A weapon engraved with this Rune can be used as a Shooting Weapon with Aim 2+ and the following profile: Range 8", Shots 1, Str as user, AP as user, **Accurate, Quick to Fire, Reload!**  
Shooting Attacks made with this weapon are affected by all Runic Weapon Enchantments on the engraved weapon (even if the effects are normally restricted to Close Combat Attacks).

## Runic Armour Enchantments

Runic Armour Enchantments follow the rules for Armour Enchantments with the following differences:

- All Runic Armour Enchantments are Suit of Armour enchantments.
- Up to 3 Runic Armour Enchantments can be applied to a single Suit of Armour.
- Each combination of Runic Armour Enchantments is One of a Kind.

**Rune of Steel** 55 pts  
The wearer of an armour engraved with this Rune **must** reroll failed Armour Saves.

**Rune of Resistance** 50 pts  
0–1 per Army.  
Successful to-wound rolls against the model of the wearer of an armour engraved with this Rune **must** be rerolled.

**Rune of Iron** 25 pts  
The wearer of an armour engraved with:  
• A single Rune of Iron gains +1 Armour.  
• Two or more Runes of Iron gains +2 Armour.

**Rune of Retribution** 15 pts  
Whenever the wearer of an armour engraved with one or more Runes of Retribution rolls a successful Shield Wall Aegis Save against enemy Melee Attacks (including Shield Wall stacked with Rune of Shielding), the wearer immediately inflicts a hit with the Strength and Armour Penetration of the saved attack on the model that caused the wound, before any casualties are removed, distributed onto the model's Health Pool. This is considered a Special Attack.

**Rune of the Forge** 10 pts  
The wearer of an armour engraved with this Rune gains **Aegis (2+, against Flaming Attacks)**.

## Runic Banner Enchantments

Dwarven Holds armies may use Banner Enchantments from the list of Common Banner Enchantments as well as the Runic Banner Enchantments listed below, so any Standard Bearer that may take a Runic Banner Enchantment may take a Banner Enchantment instead. A Battle Standard Bearer may take up to two Banner Enchantments or up to two Runic Banner Enchantments or a combination of a single Banner Enchantment and a single Runic Banner Enchantment.

**Runic Standard of Shielding** 65 pts  
0–1 per Army. Battle Standard Bearer, Deep Watch, and King's Guard only.  
All friendly units within 6" of the bearer gain **Aegis (5+, against Shooting Attacks)**.

**Runic Standard of Swiftess** 60 pts  
0–1 per Army.  
The bearer's unit gains **Vanguard**.

**Runic Standard of Dismay** 40 pts  
0–1 per Army.  
Units Charging the bearer's unit suffer –2" Advance Rate for their Charge Range roll.

**Runic Standard of the Hold** 35 pts  
0–3 per Army.  
A unit with one or more Runic Standards of the Hold counts as having an additional Full Rank for the purpose of Steadfast and Disrupted.

**Runic Standard of Wisdom** 35 pts  
0–3 per Army.  
The bearer may select a single Battle Rune during Spell Selection. This Battle Rune can be cast by the bearer and has Range Caster's Unit.

**Runic Standard of Steadiness** 25 pts  
0–3 per Army.  
One use only. May be activated at the start of any Movement Phase. The bearer's unit gains **Quick to Fire** until the end of the Player Turn.

**Runic Standard of the Anvil** 25 pts  
0–3 per Army.  
Friendly units Charging enemy units Engaged in Combat with the bearer's unit **must** reroll failed Charge Range rolls in the Charge Phase.

## Runic Artefacts

Runic Artefacts follow the rules for Artefacts with the following differences:

- A model may have up to 3 Runic Artefacts.
- Each combination of Runic Artefacts is One of a Kind.

### Rune of Denial 90 pts

Dominant. 0–1 per Army.

One use only. The player may choose to use this Rune instead of performing a Dispelling Attempt. The spell is automatically dispelled.

### Rune of Devouring 70 pts

Dominant. 0–1 per Army. Runic Smiths only.

One use only. The player may choose to use this Rune instead of performing a Dispelling Attempt. The spell is cast as normal but the Caster may not cast it again for the rest of the game. Spells dispelled by a Rune of Revocation and Attribute Spells are not affected.

### Rune of Dragon's Breath 60 pts

0–3 per Army.

The bearer gains **Breath Attack (Str 4, AP 1, Flaming Attacks, Magical Attacks)**. A single friendly Rune of Dragon's Breath may be used per Round of Combat.

### Rune of the Courage 50 pts

One use only. May be activated at the start of any Round of Combat. For the duration of the phase, the bearer gains **Stubborn**.

### Rune of Grounding 40 pts

0–1 per Army. Runic Smiths only.

One use only. May be activated at the start of any Melee Phase. All spells with Duration One Turn that affect any of the following units come to an end:

- The bearer's unit
- Enemy units in base contact with the bearer

### Rune of Harnessing 40 pts

Runic Smiths only.

The Channel value of enemy model parts within 24" of the bearer's model (the value within brackets) is reduced by 1, to a minimum of 0.

### Rune of Shielding 30 pts

The bearer gains **Aegis (+1, max. 4+)**. The Aegis from this Rune **only** stacks with itself and/or Shield Wall.

### Rune of Readiness 25 pts

One use only. May be activated at the end of the Charge Phase, immediately after all Charge Moves have been resolved. If the bearer's unit was successfully Charged during this phase, it may perform a Combat Reform (following the normal rules for Combat Reforms).

### Rune of Storms 25 pts

0–2 per Army.

One use only. May be activated at the start of the opponent's Player Turn. Choose a single enemy unit within 24" of the bearer. The Advance Rate and March Rate of all models with Fly in that unit (both for Ground and Flying Movement) are halved, rounding fractions up. The effect lasts until the end of the Player Turn.

### Rune of Kinship 20 pts

Cannot be taken by models on War Throne.

The bearer gains **Ambush** and **Scout**.

### Rune of Mastery 15 pts

One use only. A single Rune of Mastery may be activated immediately before the bearer attempts to cast a Bound Spell. Add (+2/+2) to the Power Level of this Bound Spell for this Casting Attempt.

### Rune of Mining 10 pts

After Determining Deployment Zones (at the end of step 6 of the Pre-Game Sequence), choose a Terrain Feature on the Battlefield. As long the bearer is on the Battlefield, all friendly models may treat this as Open Terrain when making Advance Moves or March Moves, but **must** still follow the Unit Spacing rule at the end of their movement.

# Battle Runes

Battle Runes are Bound Spells with Power Level (5/8). Models that gain one or more Battle Runes select them during Spell Selection from the list below. If taken by a Runic Smith, they have Range 18", and if taken by an Anvil of Power, they have Range 36".

Type	Duration	Effect
 <b>Rune of Gleaming</b> Augment      One Turn		The target gains Distracting and Hard Target (1).
 <b>Rune of Oaths</b> Augment      One Turn		The target <b>must</b> reroll failed to-wound rolls with its Melee Attacks.
 <b>Rune of Reckoning</b> Augment      One Turn		The target <b>must</b> reroll failed to-hit rolls with its Close Combat Attacks.
 <b>Rune of Resilience</b> Augment      One Turn		All to-wound rolls against the target suffer a -1 modifier.
 <b>Rune of Resolve</b> Augment      Instant		The target may perform an 8" Magical Move and gains Light Troops until the end of the Player Turn.
 <b>Rune of Revocation</b> Universal      One Turn		All other spells with duration One Turn for which the target of the Rune of Revocation or a model or model part inside that unit was the spells' target immediately come to an end (note that if any of these spells had more than one target, their effects also end for these targets). In addition, the next successfully cast enemy spell which targets the unit or a model or model part inside that unit, including Aura spells and Attribute Spells, is automatically dispelled (this is an exception to the Spell Casting Sequence and to the rule that Attribute Spells cannot be dispelled).
