Army Specific Rules

Resurrected

Some unit profiles contain the additional Characteristic Resurrected, shortened Rsr, which determines the number of Health Points Raised with *Death is Only the Beginning* (Hereditary Attribute Spell).

Army Model Rules

Universal Rules

Autonomous

Undead units consisting entirely of models with Autonomous may perform March Moves as normal even when outside the range of friendly models' Commanding Presence. The unit **must** still pass a Discipline Test in order to do so if within 8" of non-Fleeing enemy units.

Dust to Dust

At the end of any phase in which the Hierophant was removed as a casualty, every unit in the army with Dust to Dust **must** pass a Discipline Test or lose a number of Health Points equal to the amount by which the test was failed, with no saves of any kind allowed. These Health Point losses are allotted following the rules for Unstable. The number of Health Points lost is reduced by 1 if the unit is within range of Rally Around the Flag.

At the end of the Player Turn in which the Hierophant was removed as a casualty, a new Hierophant may be selected. In order to do so, nominate a friendly Wizard Character. This Character becomes the new Hierophant.

At the start of each friendly Player Turn after the army's Hierophant has been removed as a casualty and no new Hierophant has been selected, every unit with Dust to Dust **must** once again pass a Discipline Test or lose Health Points as described above.

Ensouled Statue

The model gains **Undead** and **Dust to Dust**. If more than half of the models in a unit have Ensouled Statue, reduce the number of Health Points lost by this unit due to Dust to Dust and Unstable by 1.

Hierophant

One of a Kind. An Undying Dynasties Army List **must** include a single model with this Universal Rule. When the Hierophant casts *Death is Only the Beginning* as a non-Bound Spell, you may choose to **set** the spell range to 18" (instead of the spell's normal target restrictions).

Underground Ambush

The model follows the rules for Ambush, with the following exception. Instead of entering the Battlefield from the Board Edge:

1. Choose an arriving unit with Underground Ambush.
2. Place the unit anywhere on the Battlefield in a legal formation more than 1" from other units, Impassable Terrain, and the Board Edge.
3. Roll a D6:
 - If 5–6 is rolled, the unit arrives where it was initially placed.
 - If 1–4 is rolled, move the unit (without changing the direction it is facing) 2D6" in a randomly chosen direction. If this would bring the unit within 1" of other units, Impassable Terrain, or the Board Edge, the unit stops 1" short of them and each model in the Ambushing unit **must** take a Dangerous Terrain (1) Test. The unit may then perform a Pivot (and must follow the Unit Spacing rule after the Pivot). None of these manoeuvres prevent the unit from moving following the rules for Ambush afterwards.
4. Repeat steps 1–3 for all other arriving units with Underground Ambush.

Undying Will

Units with one or more models with Undying Will gain +2 Offensive Skill, +2 Defensive Skill, **Lethal Strike**, and replace their Shooting Weapons' Aim with (4+). Characters, Beasts, models with Ensouled Statue, and model parts with Harnessed are not affected by Undying Will.

Armoury

Aspen Bow – Shooting Weapon

Range 24", Shots 1, Str 3, AP 0, **Volley Fire**.

This weapon **always** hits on a roll equal to or greater than its Aim.

Great Aspen Bow – Shooting Weapon

Range 36", Shots 1, Str 5, AP 2, **Volley Fire**.

This weapon **always** hits on a roll equal to or greater than its Aim.

Special Attacks

Mummy's Curse

When the model with Mummy's Curse is removed as a casualty, it immediately inflicts 1 hit with Strength 6 and Armour Penetration 10 on the model that caused the final Health Point loss. This is considered a Ranged Attack. If more than one model was part of the action which brought the downfall of the model with Mummy's Curse, randomise which of those models suffers the hit.

Hereditary Spell

Undying Dynasties do not have a regular Hereditary Spell. Instead, all Death Cult Hierarchs know the Hereditary Attribute Spell *Death is Only the Beginning* (in addition to Path Attributes). At step 1 of each Casting Attempt of a non-Attribute non-Bound Spell of type Augment with a Death Cult Hierarch, the owner may declare that the Wizard will cast an amplified version of the spell:

- The Casting Value of the amplified version is increased by 2.
- If the amplified version is successfully cast, *Death is Only the Beginning* is automatically cast (as an Attribute Spell).

<i>Casting Value</i>	<i>Range</i>	<i>Type</i>	<i>Duration</i>	<i>Effect</i>
				When resolving the spell, choose one of the following effects: <ul style="list-style-type: none">• The R&F part of the target Raises a number of Health Points equal to its Resurrected value.• Up to one Character within the target Recovers a number of Health Points equal to its Resurrected value. Characters and models with Towering Presence cannot Recover more than 2 Health Points from this spell in a single Magic Phase.
A Death is Only the Beginning	See below*	Augment	Instant	

*The spell targets a single unit that was the target of the spell that triggered the Hereditary Attribute Spell.

Special Items

Weapon Enchantments

Godslayer 75 pts

Enchantment: Great Weapon.

The wielder gains +1 Attack Value while using this weapon. Attacks made with this weapon become **Divine Attacks** and **Magical Attacks**, and gain **Multiple Wounds (2, against Aegis)** (note that the latter also applies against models with Aegis Saves with Conditional Application).

Scourge of Kings 35 pts

Enchantment: Hand Weapon or Paired Weapons.

While using this weapon, the wielder's Attack Value is **set** to 6. Attacks made with this weapon become **Magical Attacks** and, when fighting a Duel **must** reroll failed to-wound rolls.

Armour Enchantments

Jackal's Blessing 90 pts

Enchantment: Suit of Armour.

The wearer gains +2 Health Points and **Fortitude (5+)**.

Sun's Embrace 35 pts

Enchantment: Shield.

The bearer gains **Distracting** while using this Shield.

Banner Enchantments

Banner of the Entombed 45 pts

0–2 per Army. Core and Battle Standard Bearer only.

If taken by a Character, the bearer gains **Underground Ambush**. If taken by a R&F model, the bearer's unit gains Underground Ambush and additional models cannot be added to the unit during Army List creation. Standard Height models using this banner to Ambush **must** arrive in a formation containing exactly 5 models per rank (except for the last) and cannot make a Reform (or a Swift Reform) during this Player Turn.

Units with Underground Ambush also count towards Entombed.

Artefacts

Sacred Hourglass 135 pts

Dominant.

The bearer may reroll failed Casting Attempts that were rolled using 2 Magic Dice (by rerolling both Magic Dice).

Crown of the Pharaohs 100 pts

Pharaohs and Nomarchs only.

The bearer increases the range of its Commanding Presence by 6". At the start of each of your Player Turns, the bearer may lose Undying Will until the start of your next Player Turn and choose a friendly unit within 12". This unit gains Undying Will until the start of your next Player Turn.

Death Mask of Teput 50 pts

Enemy units in base contact with the bearer suffer -2 Offensive Skill.

Steeds of Nephth-Ra 50 pts

Models with at least one Skeletal Horse model part in the bearer's unit gain **Ghost Step** and +4" March Rate.

Ankh of Naptesh 45 pts

The bearer gains **Hierophant** and can never lose it. R&F models in the bearer's unit gain **Fortitude (6+)**.

Book of the Dead 45 pts

The bearer can cast *Death is Only the Beginning* as a Bound Spell with Power Level (4/8) and the following modification:

The spell's range is changed to 12" Aura.

Blessed Wrappings 40 pts

The bearer gains +1 Health Point and loses Flammable if it had it (note that this does not prevent the model from gaining Flammable from other sources).

Sandstorm Cloak 35 pts

Models on foot only.

The bearer gains **Fly (5", 15")**, Light Troops, and Swiftstride, and can perform a **Sweeping Attack** that causes 2D6 hits with Strength 2 and Armour Penetration 1.

Sekhem Sceptre 30 pts

The bearer gains **Autonomous** and **Stubborn**.

Scroll of Desiccation 20 pts

After determining Deployment Zones (at the end of step 6 of the Pre-Game Sequence), choose a Field, Forest, or Water Terrain Feature. This Terrain Feature ceases to be the Terrain Feature it used to be and loses all its rules. It is treated as Dangerous Terrain (1) for all enemy units.

Monarchs of Undeath

These options represent alternative types of Undead forces that can be encountered in battle. A Pharaoh General can choose to command one of the following forces instead of a standard force of Undying Dynasties.

Commander of the Terracotta Army

- The following models **must** be upgraded with +1 Resilience, -1 Agility, and **Ensouled Statue**:
 - Skeleton Archers, Skeleton Cavalry, and Skeleton Scouts for +1 pt/model
 - Skeletons for +2 pts/model
 - Necropolis Guard for +6 pts/model, and may only add up to 15 additional models per unit
 - Charnel Catapult for +10 pts/model
 - Caskets of Phatep for +15 pts/model, and R&F Skeleton Chariots for +17 pts/model. Skeleton Chariots may only add up to 3 additional models per unit

- The Resurrected value of all models is **set** to 1.
- Non-Flying models in the army with Underground Ambush and/or Light Troops lose these Model Rules (and cannot gain them in any way).
- Great Vultures, Scarab Swarms, and Tomb Reapers may not be taken in the army.
- R&F models with a Type other than Beast that **gain** Ensouled Statue can benefit from Undying Will (despite having Ensouled Statue; models parts with Harnessed remain unaffected).

Lord of the Barrow Legion

- Skeleton Archers **must** take Heavy Armour for free.
- Skeletons **must** take Heavy Armour for +1 pt/model. Skeletons may replace Spears and Shields with Halberds for free.
